

Plate Tectonics Puzzle

Color the map symbols and then carefully cut out the continental plates below. Next, try your hand at reconstructing the ancient super-continent of Pangaea.

Craton Rocks
(>2 Bil. yrs.BP)

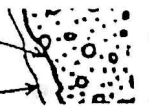

Younger Rocks
(<600 Mil. yrs. BP)

Structural Trends
(Rock Strata, Faults, etc.)

Continental Margin
(Shoreline)

Continental Shelf
Margin

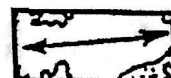

Paleofaunal Data
(*Lystrosaurus* Fossils)

Paleoclimatic Data
(Coal/Tropical Areas)

Paleoglaciation
(Glacial Tillite)

Paleomagnetic Trends
(Old Polar Data)

Paleofloral Data
(*Glossopteris* Fossils)
